Photo	Photo	Photo	Photo	Photo	Photo
Journalling	Main Photo	Main Photo	TITLE		

## Ideas for this month's Sketch:

- Use just one side to make a single page layout or a card
- Rotate the pages to the smaller photos are down each side or down the centre, or even in a line across the bottom
- Replace some or all of the top photos with journaling from different people about this event, or brochures and maps you've picked up, or even cardstock squares holding tickets
- This sketch would look great done for two people – husband and wife, brother and sister, one page about each person with title and journaling combined on each side
- Make a long card, replacing the smaller photos with flowers, ribbon, small pictures or three little words
